EARLY CHILDHOOD AFTERSCHOOL PROGRAM

- **First Semester: Monday, September 14, 2026 - January 29, 2027**
- **Second Semester: Monday, February 1 – Tuesday, June 8, 2027**

NOTE: There is no AfterSchool when Léman is closed for vacation, holidays, or conferences. There is also no AfterSchool on early dismissal days or the Fridays heading into Winter & Spring Break.

THE DAILY AFTERSCHOOL SCHEDULE

At the end of each school day, AfterSchool students are escorted to the afterschool classroom by Léman faculty. They will have snacks and enjoy play centers before the day's special class.

Each afternoon consists of two enrollment options:

- Until 4:30 pm: Students stay for the day's specialty class; pick up is at 4:30 pm in the Lobby
- Until 5:30 pm: Students stay for the specialty class AND extended playtime; pick up as late as 5:30 pm in the Lobby

Daily Schedule
3:00-3:15 Arrival
3:15-3:30 Play Centers
3:30-3:45 Snack / Circle Time
3:45-4:20 Daily Special Class / Gross Motor Time
4:25-4:30 Pack up and First Dismissal
4:30-5:25 Imaginative Play Stations; Gross Motor Play; Storytime, etc.
5:25-5:30 Second Dismissal

AFTERSCHOOL DISMISSAL

Dismissal from Early Childhood AfterSchool is from the main Lobby Entrance of 41 Broad Street. Students will be brought there at 4:25 pm for first dismissal and at 5:25 pm for the second dismissal. If you arrive early, security will call upstairs, and your child will be brought to the lobby, or you may be directed upstairs to pick them up from the classroom.

ENROLLMENT & PRICING FOR EARLY CHILDHOOD AFTERSCHOOL

Note that these prices are for each Semester, and you will enroll separately each Semester.

- Per weekday until 4:30 pm (includes snack, playtime, specialty class): $650
- Per weekday until 5:30 pm (includes snack, playtime, specialty class, extended care): $800
- All 5 days enrollment receives a $250 discount off of the total

(Ex: If your child stays until 4:30 pm on Mondays and Wednesdays, it will be $1300 for the Semester).

Please use this form to enroll for the First Semester of EC AfterSchool. You will receive an email with the enrollment information for the second semester in December. You must enroll each semester, even if you plan to maintain the same schedule for your child. You will receive an invoice from the Business Office 3-4 weeks into the Semester; you do not pay upon enrollment.

First Semester Early Childhood AfterSchool Specialty Classes

Monday: Patterns, Puzzles, and Numbers

Working on math looks different for early childhood students. They develop logical thinking and numeracy through play, color and shape recognition, completing patterns, and ultimately working directly with numbers. In this new afterschool class our teachers will bring math to life in fun and imaginative ways that are differentiated and engaging for all!

Tuesday: Crafting Creations

Our young artists will dive into an exciting new craft project each week, using a variety of materials to design beautiful artworks. As we create, we'll learn about the changes that occur around us: seasonal shifts in weather and landscapes, the traditions and holidays celebrated throughout the semester, and more. Each project will spark creativity and imagination, giving students a meaningful and artistic way to learn about the world around them.

Wednesday: Mindfulness & Movement with Maestra Tania

Join Maestra Tania, our Early Childhood and Lower School Spanish Teacher, for a calming and playful mindfulness and yoga class designed just for our youngest learners! Through gentle movement, breathing exercises, and simple mindfulness practices, children will have the opportunity to slow down, tune in, and recharge. Maestra Tania is a certified mindfulness and yoga teacher, bringing both expertise and a familiar, loving presence to this special part of the day.

Thursday: Super Science Explorers

Step into the world of science, where our young learners become budding scientists through interactive and engaging experiments! From making slime to exploring the properties of magnets and creating colorful chemical reactions, each session sparks curiosity and encourages critical thinking. With activities that engage all senses and collaborative projects that promote teamwork, Super Science Explorers is where young minds thrive, and curiosity leads to endless discoveries!

Friday: Music & Spanish

Our Music & Spanish program blends language learning with the joy of music in a fun, interactive setting. Through singing catchy melodies, tapping out rhythms, and playing simple instruments, students are introduced to basic Spanish vocabulary such as colors, numbers, greetings, and everyday words. Children learn naturally through repetition, movement, and song, building listening skills, coordination, and confidence along the way. This playful program encourages cultural awareness, self-expression, and a love of both music and language in an engaging and supportive environment.
